The sun had just risen and the gentle breeze blew. William and Sam were on their way to the beach. William packed two packets of orange juice and some fruits in a picnic basket. His mother made sandwiches for them. Sam brought along a picnic mat, two spades and a pail.

When they reached the beach, William and Sam found a shady spot to lay the picnic mat. Then, they ran to the shore with the pail and spades. Sam used the spade and dug the sand. Next, William collected some seawater and poured it gently onto the sand. The seawater held the sand together like glue. Using his hands, William patted the sand into a sandcastle.
